

KARLIEN BRINK

Final year student

📍 Johannesburg, Gauteng, South Africa

ABOUT ME

Final-year BSc Information Technology student with hands-on experience in software development and data analysis, using Python, Java, C++, C#, and SQL. Skilled in data manipulation and full-stack web development. Familiar with Agile and DevOps practices, version control with Git, and building practical applications including web systems and Unity-based games. Strong problem-solving and communication skills developed through academic projects and part-time tutoring. Seeking a graduate programme or entry-level role where I can contribute to data-driven and software solutions while continuing to grow technical expertise.

GET TO KNOW ME

I am an extremely hard-worker, but whenever I get the time I am engrossed in my latest hobby. Whether that be gaming or creative pursuits, my hands are always busy. I would describe myself as loyal, adaptable and a "go-getter".

I am looking forward to meeting you in an interview soon so you can learn more!
